Please **find a SUB or contact one of the other ushers** so they can get someone to assist if you are unable to be at an assigned Mass. (esp. where there is a shortage of ushers!)

***** Shortage of Ushers at your Mass?** Pull someone from the congregation to assist. This is true for ALL Masses this month!

Check the **flow chart** (posted in Usher’s room – by badges) for “traffic” at Communion.

FYI: Generally the **4:30 PM Mass will also be interpreted – as well as 9:30 AM.** (it depends on if an interpreter is available - the first weekend of the month is the “Community Mass” and **only** the 9:30 AM is interpreted; the last Saturday of the month is the only one that is interpreted that weekend). **There are sometimes exceptions – esp. in the summer!**

4:30 PM and 9:30 AM USHERS: Thank you for being sensitive and aware of the needs of the hearing impaired who attend this Mass. When seating people, **do NOT seat them in front of the Deaf Community.** Double check with the **Interpreter** before moving the reserved signs. If people don’t show up, they will remove them 5 minutes before Mass begins - then you can seat any latecomers (behind the deaf community).

THANK YOU for sharing your time and presence in this special ministry!

(see reminder on back)

NOTICE

The **AED** (Automated Electronic Device) for heart shocking and Blood Pressure Equipment are now located on the wall in the hallway between the Church & School. The box is between the door to the Usher's Room (south sacristy) & the door into the Church.

Please note – an alarm will sound when the door is opened.
